isaneto@claranet.pt

Other contact information

Short description of the underlying problems that the commitments are aimed at

1 - Palliative Care Programs are not equally developed around the country and quality of specific PC training is not fully implemented; insufficient support from Health Ministry

2 - Research must be more stimulated and be a regular part of PC team activities

3 - Lack of PC as a sub-specialty (in medical and nursing care) doesn't attract human resources to this field

Description of commitments (if more than one please list, please try to define clear, realistic and measurable goals for each commitment)

1. Help promote quality of PC programmes; help in the implementation of at least more 50% of new teams in next 3 years (now 17)

2. Help increase the awareness around PC and increase research networks around the country

3. Finish the organization of a PC Directorium, with clear quality criteria

Goal, measurement of success and time (please list at least one outcome measurement for each commitment)

1. more 50% of teams next 3 years

2. Achieving PC as a medical and nursing subspecialty next 3 years

3. Organizing with success the European Congress of PCare 2011

Short description of methodology and working process

Working together with colleges of Doctors and Nurses, Health Administrations and other specialities to increase credibility of PCare
