Short description of the underlying problems that the commitments are aimed at

To improve Palliative Care in the whole country and especially in rural regions

Description of commitments (if more than one please list, please try to define clear, realistic and measurable goals for each commitment)

1. To implement Palliative Care allover the country

2. To encourage and improve multidisciplinary cooperation within the field of Palliative Care

3. To improve education in Paliative Care for all all health care personnel, priests, social workers almoners and others.

Goal, measurement of success and time (please list at least one outcome measurement for each commitment)

1. Ongoing - two conferences per year are held in remote locations.

2. Ongoing - to strenghten multidisciplinary cooperation trough multidisciplinary education and communication

3. The conferences which are held twice a year are evaluated by the participants. Participants evaluations showed improvement in knowledge about Palliative Care and the will to start/continue multidisciplinary work in this field
