Short description of the underlying problems that the commitments are aimed at

- 1. The unequal development and spreading on the italian field of hospices and home-caring network. A low integration between hospice and home-caring network.**
- 2. The low education on palliative care for doctors and nurses**

Description of commitments (if more than one please list, please try to define clear, realistic and measurable goals for each commitment)

- 1. The homogeneous spreading on the italian field of hospices and the homogeneous implementation of the home-caring network. Integration between hospice and home-caring network**
- 2. An educational offer of University and Master courses that could emphasize the Palliative Care.**
- 3.

Goal, measurement of success and time (please list at least one outcome measurement for each commitment)

- 1. The update the national informations of SICP Monograph "Hospice in Italia 2006. Prima rilevazione ufficiale"**
- 2. The introduction of courses on palliative care into the university studies for doctors and nurses; creation of academic specialty in Palliative Care.**
- 3.

Short description of methodology and working process

The creation of a workshop with manager of University and Master courses in order to coordinating initiatives to create academic specialty in Palliative Care

In collaboration or cooperation with other organisations

Names of other organisations

Federazione Italiana Cure Palliative (FCP)
