# Scientific programme preparation

Scientific Committee

Advisory board to the Scientific Committee 73

Abstract Reviewers

Organising Committee

Special Mention to

Heidi Blumhuber (EAPC executive office, Milan)

who was able keep together this complex program to the least  
deail and to guide my efforts in the small and less small  
decisions taken on the road, to the point where she now  
remembers it by hard. In case you forget your programme  
around just ask her... directions to your session

# Now it is up to you dear friends

## Faculty

- Chairs
- Lecturers
- Coordinators
- Discussants
- Poster tour guides

## Presenting authors of
