**European Association for Palliative Care EPSO project**

Please note that these are the preliminary documents and should only be completed by "Host Centre applicants" from the 5 countries who are involved in the Taskforce Pilot project: Belgium, The Netherlands, France, Ireland, Switzerland and the U.K.

The full on-line application will be available later in 2010. This is because we are currently upgrading the website and its technical support and we expect it to be ready by this date. This application is a trial to see how it may work in practice and we thank you for your co-operation in this.

The European Palliative Stage Opportunity (EPSO) is a new project, prepared for the European Association for Palliative Care, to facilitate clinical education through shared practice across Europe
